

INSTRUCTOR CORNER

THOMAS FEDORCHIK, B.G.S.
Piano Instructor

Happy May!

For this month's instructor column, I have included a musical brain teaser for all of you to try and solve. There is a hidden message embedded exactly twice in this short passage of music. In the spirit of capitalism, I will award a \$5 Starbucks gift card to the first person to fully:

- 1) identify the message;
 - 2) show where it occurs; and
 - 3) explain how they found the solution.
- Submit your answer to me via email at thomas@samusicacademy.com with your name, instrument, and instructor (if applicable), or catch me in the lobby area. Good luck!
